Help MUSIC Identify New Superintendents and Administrators

Amy Mehrmann-Dale

Senior Client Service Associate

July 1 is an important date for most MUSIC school districts. It marks the start date when new superintendents and administrators begin their new positions. In July each year, the MUSIC team begins the process of identifying these new superintendents and administrators since they will need access to the MUSIC website and possibly the website's Admin Area. You can help expedite this process by completing the [Admin Changes for Website Access](#) form (clickable link). Please complete this form and email it to musicprogram@ajg.com. **This form should be completed as soon as possible so that access can be granted to the website and the new employee's will receive MUSIC communications.**

**PLEASE COMPLETE
AND RETURN**
